Assemblywoman Negrete McLeod Hosts Advisory Committee Meetings To Better Serve the 61st District

It is my intent to interact as often as possible with the experts and leaders of our community. This is one way I am able to maintain a thorough and current working assessment of the issues that are of importance to our constituents. Citizen input is crucial.

Three important advisory committees met this summer, the Environmental Advisory Committee, the Education Advisory Committee, and the Senior Advisory Committee.

Educators from our local schools and colleges expressed their concerns regarding the State's Budget, i.e. budget cuts, their connection to the Legislative budget cycle and public agencies liaison. Legislative bills that were discussed were SB 1046 and SB 1555. Other important topics that were discussed were achievement testing and its impact on our children, our schools and the budget.
